John 12.20-36

Some Greeks came to Jerusalem and said, “We want to see Jesus.” Today, the world often sees little more than a caricature. Who do you see when you “see” Jesus? Do you see the *real* Jesus—or have you created Jesus in your own image?

The real Jesus...

- Cannot be seen apart from the _____
- Does not look at this world as _____
- Came to be your _____, not your _____
- Came to _____ the _____ of the Father rather than his own desires
- Draws _____ to himself through his _____
- Challenges you to _____ in the _____

Yes, many people today take comfort in a false Jesus who is not real at all. The real Jesus encourages us to face life for what it truly is and to place our faith in him, not only for this world, but especially for the world to come.
