Genesis 8.21-9.7

The question is asked and answered several times in the Bible:
What is man?

Why is this so? It's because it is so important to all we do, yet it is so hard to remember. What is man? Today we are reminded of three truths about all humankind:

❖ **Man is the _____ of all of God's _____.**

❖ **Man is made in the _____ of _____.**

❖ **Man is _____ but is _____ and can be _____.**

All humankind—every man, woman, and child—is special to God. Yet each one of us is tainted by sin and needs forgiveness and restoration to fulfill the high purpose to which God calls.

Have you come to Jesus Christ for forgiveness and restoration?
